Re: RoHS Declaration

Boreasa Products: C65P1 series blower

Feb. 18, 2025

To whom it may concern,

Boreasa Technologies Co., Ltd. committed to supplying products worldwide that comply with all applicable governmental regulations.

This communication refers to the Directive below:

Directive 2011/65/EU RoHS2 and its subsequent amendments through Commission Delegated **Directive (EU) 2015/863**

Restriction of the use of certain hazardous substances in electrical and electronic equipment.

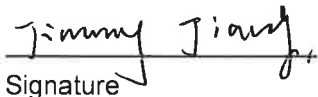

Note: Following are the applicable exemptions.

- 6a. Lead (Pb) as an alloying element in steel for machining purposes containing up to 0.35% lead by weight
- 6c. Copper alloy containing up to 4% Lead (Pb) by weight

We have completed a process to confirm the components used in this series of products are compliant with the directive. As part of this RoHS2 identification process, we have:

- reviewed our internally and publicly available engineering data in relation to the presence of RoHS2 in our products or any of their component parts;
- reviewed available safety datasheets for all of our input materials;
- communicated with our suppliers to exclude/confirm the presence of listed RoHS2 in any component parts of our products.

As a result of this process, we confirm that, to the best of our knowledge, the product listed here meets the directive above.
